"In this clinic you will enjoy individual attention to help develop your technique and court movement. Drills will be ability-specific, and accommodate beginners to advanced players. As we get a little older, it is important to understand the best way to play. We'll set goals for great enjoyment and help you to teach your own kids. We'll also work on a solo practice routine as well as tips on match play.

Please join us for a wonderful weekend of squash!" - Coach Assaiante
